

## Sarina Nguyen's interview with Ms. Pierce, Mrs. Junghans and Mr. Manwarren

### Ms. Pierce-4<sup>th</sup> grade

"The kind of advice I would give a new student is to don't be afraid to ask questions and smile a lot, also to be here on time."

"The best thing I like about my job is working with kids and watching them learn new things."

"The reason why I chose 4<sup>th</sup> grade is when I had Mr. Cruze's job, Ms. Noa had around 40 4<sup>th</sup> graders. Mr. Lumb asked me if I could teach half of Mrs. Noa's class so I did and I really liked it."

"The things that I don't like about my job are worksheets and grading papers! I also don't like recess duty!"

"I've had my teaching license for 10 years and I've been working at Morris Hill for 5 years."

### Mrs. Junghans-Kindergarten

"I think some days are really hard to teach because there are lots of kids for one teacher. But some days not at all its very rewarding."

"I've been teaching for eleven years"

### Mr. Manwarren-PE

It's very difficult to remember names in the school but it gets easier and easier every year.

I chose to be a P.E teacher because I have a strong background in sports and I want to teach kids what my teachers taught me.

I find it a challenge mostly teaching kindergarteners because it's their first year of school.

The kind of goals I would like the kids to achieve is to learn how to be healthy and physically active and learn to be productive in and out of the classroom during their everyday lives.

A P.E. teacher is not my only job, I'm also a coach. I coach football during the summer and I pick odd jobs to stay busy.

I've been teaching P.E. for 1 year, this is my 2<sup>nd</sup> year teaching.

I hope my students are active when I teach. And I try to have everybody participate in the games.
